COMUNE DI ASSEMINI

Isolato 14 - Via Cagliari

TAVOLA 14A

Scala 1:2000

PROGETTISTI: ING. ROBERTO LATI
ARCH. MARIANNA MARELLI
IL DIRIGENTE DELL'AREA TECNICA: ING. ALESSANDRA SALVATO
IL COMMISSARIO STRAORDINARIO: DOTT. GEROLAMO SOLINA

The figure displays the architectural drawings for Via Cagliari, showing the current and regulated profiles of the street. The drawings are organized into three main sections: a top section with a color-coded aerial map, a middle section showing the current profile, and a bottom section showing the regulated profile.

Top Section: Aerial Map and Lot Numbers

The top section shows a color-coded aerial map of the street area. The map is divided into lots, each labeled with a number. The lots are color-coded: orange for lots 038, 055, 034, 032, 056, 057, 039, 040, 041, 042, 043, 044, 045, 046, 047, 048, 049, 038, 050, 051, 052, 053, 054, and 001. The map also shows the street layout and the location of the street relative to the surrounding urban area.

Middle Section: Via Cagliari ATTUALE

The middle section shows the current profile of Via Cagliari. The drawing is a perspective view of the street, showing the buildings on both sides. The buildings are drawn in a simple, schematic style, with the rooflines and facades clearly visible. The street is shown as a wide, paved area with a central median. The drawing is labeled "Via Cagliari ATTUALE" at the bottom.

Bottom Section: Via Cagliari PROFILO REGOLATORE

The bottom section shows the regulated profile of Via Cagliari. The drawing is a perspective view of the street, showing the buildings on both sides. The buildings are drawn in a simple, schematic style, with the rooflines and facades clearly visible. The street is shown as a wide, paved area with a central median. The drawing is labeled "Via Cagliari PROFILO REGOLATORE" at the bottom.
